

Camden Town Council
Meeting to Set Goals for 2019
January 10, 2019
Camden Town Office

The yearly meeting to set goals and objectives was called to order at 6:10 by President Brent Deel. Present were Member Mark Schock, Clerk-Treasurer Pat Casserly and Utility Superintendent Jerry Snively. Member Andy Robison was absent.

Several items were present for consideration as possible project for the year; some items are in progress but are noted due to being a 2019 project.

Paint inside of Community Building (floor and walls) - Mr. Deel contacted a contractor during the meeting and the contractor is expected to look at the job Friday. Sound barriers to diminish the noise will be considered.

Finish painting in the med center - Mr. Schock and Mr. Deel knew someone they will contact to finish the one room.

Christmas decorations for the Bicentennial Garden - Up to \$2,000 will be allocated for decorations for the Garden area.

Cameras at Camden Mart - Mr. Deel is working on this.

Grade alleys - Plans are in place to grind and grade town alleys.

Removal of trees - Mr. Snively has a list for consideration.

The street grant will include replacing the sidewalk on Monroe Street - Consideration will be given for replacing the sidewalk at the corner of Main and Water Streets. Mr. Deel will take on this project.

Clean the wells and work at water treatment plant - Mr. Snively will take care of this along with checking on having the tower painted. Mr. Snively is considering changing the lights to LED.

Repair dump truck - Should happen in April; funds were encumbered for this cost.

Changes in banking - go into effect January 23rd.

Fire protection contract with township - Mr. Deel contacted Deb Foreman and a date will be set to meet with the Trustee and her board. Mr. Deel will ask for the return of the AEDs that the fire department is using - the AEDs were purchased by the town using grant funds.

Changes to EDC contract - The Council would like to meet with Camden's EDC representatives to discuss their feeling on the success of EDC. Members are not satisfied with the service nor with the results. A third representative will need to be secured. Mr. Dittman felt the EDC Board focused their attention towards Delphi and not the entire county.

OCRA Grant to update/repair med center (roof, windows, plumbing, electrical) - No decision was reached on this topic. A plan will be needed to determine the scope of work but items for consideration are windows, roof, electrical and plumbing.

Meeting adjourned at 7:10
